In 2025 PTCC will begin using Golf Genius for scoring and tracking members HDCP. In doing so each member participating in club sponsored events may need a HDCP through GHIN these events include several of the leagues and tournaments. Once you have a GHIN you can subscribe to GHIN app and post scores each day using your smart phone. The cost for the GHIN is \$30 and will allow us to participate in Golf Genius. This will save many proshop staff hours and better manage HDCP issues. Your GHIN number can be billed to you next year based on your individual league participation.

Thank you!
